iSabi:

Hey there, I'm the proud owner of iSabi, a platform that's all about boosting skilled workers and talented artisans. It's not just for big corporations – anyone, from individuals to businesses, can tap into our platform to hire these talented folks for all sorts of jobs, whether a quick gig or a long-term project. And here's the exciting part: We're all about connecting these hardworking individuals with opportunities on an international scale.

Our mission is simple but powerful. We want to make job opportunities more accessible for all kinds of workers, whether they're highly skilled or just starting out in their careers. By doing this, we're not only helping improve their quality of life but also making a positive impact on our beloved country, Nigeria. It's not just a platform; it's a step toward a brighter future for all!

****Note:** This app is still in development.

Frontend Technology

REACT, REACTRouter, Redux, Toolkit

- Creative
- Communication
- Problem-Solving
- Critical Thinking
- Time Management
- Empathy & Cultural Awareness.

Backend

Nodejs, ExpressJs, Mongoose, Jsonwebtoken

Plutus:

Imagine having Plutus at your fingertips – it's like having a financial wizard in your pocket! Plutus is this fantastic online app that makes money transfers between folks lightning-fast and turns you into a financial maestro.

With Plutus, you get access to some seriously smart investment options that can make your money grow faster than you ever imagined. And the best part? It's all about credible choices that are super profitable, so you can watch your wealth grow.

But that's not all – Plutus even has a nifty savings feature that makes your money feel appreciated. It's like your cash is on a journey to becoming its best self thanks to a tailored savings structure. So, it's not just an app; it's your financial sidekick, here to make your money life easier and more prosperous!

Frontend Technology

REACT, REACTRouter, Redux, Toolkit.

Backend

Quick Bite:

QuickBite is like having your very own food genie in your pocket! With this amazing app, you can effortlessly connect with top-notch

vendors and order delicious meals from the comfort of your own home or wherever you are. Plus, you don't have to worry about a thing because your meal will be swiftly delivered to your chosen spot.

But that's not all – QuickBite also does wonders for local businesses. It gives vendors a fantastic stage to showcase their culinary talents and reach more hungry customers. And let's not forget about the awesome job opportunities it offers for delivery riders who can sign up to provide speedy dispatch services. So, it's not just an app; it's a win-win for everyone!
